AIG Casualty Differentiators

Claims First

Our award-winning global Liability claims team: with outstanding technical expertise, highly responsive throughout the claims process delivering client services to help minimise the impact of a claim on their business.

Liability Risk Engineering

Our Risk Engineering help clients prevent losses and reduce their cost of risk. Policyholders receive broad offering in Liability Risk Engineering for the automotive and manufacturing sector.

Product Recall/Crisis Management Services

- One of the largest specialized CPI underwriting teams in the world.
- Experienced claims team in complex product contamination claims.
- 24/7 access to leading food safety, security and public relations consultants to help clients managing a contamination event.

Multinational Liability

With multinational expertise in our DACH (Austria, Germany, Switzerland) liability team and decades of experience in providing fully compliant global liability programmes for clients through our worldwide network, multinational is an exceptional area of growth opportunity.

Risk Management & Captive Solutions

Our dedicated Risk Management / Captive Solutions team is focused on the development and delivery of a range of alternative program solutions to meet our clients' needs.
